

LOCAL AND GENERAL NEWS

The sharpshooters will not meet to-night.

The Board of Health holds its daily meeting this afternoon.

The Rio Janeiro took a small mail for San Francisco yesterday.

The Relief Society had nearly \$8,000 subscribed this morning.

Judge Widemann is making extensive additions to his residence near Punahou.

Cholera Proof Hats for Gentlemen, Ladies and Children are offered by L. B. Kerr.

The language used by the returned "tourists" when on Maui would make even Hitchcock blush.

The next steamer for San Francisco will be the Alameda which will leave here on the 19th inst.

Lots of people are indignant on account of the surreptitious landing of Asiatics from the Rio Janeiro.

The ex-Queen spent the day yesterday at her Waikiki residence and then returned to Washington Place.

Buy the "Adeline" Fast Black Stocking; there is none to equal it. To be had at N. S. Sachs', 520 Fort street.

All vessels desiring to leave port must get a permit from the Board of Health. And that won't help them to land.

Ex-Governor T. W. Everett was buried at Waikapu on the 5th inst. A large congregation of citizens was present on this sad occasion.

The Rio Janeiro reported that 27,000 cases of cholera with 17,000 deaths had been reported in Japan up to the departure of the vessel.

263 Chinese and 20 Japanese were landed at the quarantine station on Saturday night. The vessel left yesterday, not being allowed to land freight.

Hawaii, Maui and Kauai are evidently looking after their own interests. D—the Board of Health seems to be the motto of our friends across the channels.

Office of Board Health, Monday afternoon, September 7, at 3 o'clock the total cases to date were 65. Of these there are 49 dead; new to 3 p.m. 3. There are 6 recovered and 10 remain in hospital.

L. B. Kerr calls attention to the large invoice of Bleached Sheetings and Pillow Casings imported by him by the "Australia." Housekeepers will find a full line of these articles.

It is probable that the Claudine, Likilike and other steamers in quarantine will not be allowed to leave port to-morrow as advertised. People on the other islands don't want them.

Our friends from the other islands still in town are beginning to look disgusted. Better to be on shore than rolling in the stream on the steamers and then be refused to land.

The sanitary inspectors were around all day yesterday from early morning. Many of them met a great deal of difficulties in obtaining information and the necessary access to the houses.

Ladies are reminded that L. B. Kerr has renewed his stock of Gingham, White Cotton Ducks and Printed Lawns. The very latest patterns and fashions are represented in this large assortment.

In season or out of season every family should have a bottle of DIARRHOEA MIXTURE in the house. There is none better than DWIGHT'S, which has been dispensed by the HOLLISTER PHARMACY for the last twenty years.

To close them out Shirt Waists, formerly selling at \$1.50 each, have been reduced to \$1; and Pith Hats, which were selling at \$2, from this on will be sold at \$1 each. Call early before the supply is exhausted. A. Barnes, New Republic Building, King street.

It is stated that Captain Smith of the Rio Janeiro was ready and willing to take passengers from this port. The "tourists" on the Hall were not allowed to leave, and only a Mrs. Bacon, a guest at the Hotel, departed. Did the steamer take a clean bill of health from here?

It is generally understood that Frank Hoogs has taken the place of the late C. L. Dodge on the Star. Hoogs has much experience as a newspaper man in Honolulu and is favorably known among the slingers of ink and lead. As editor of the Paradise of the Pacific he has demonstrated his ability to run the business of a newspaper and the Star is to be congratulated by securing his services.

Sanitary Inspectors
